

**INTERNATIONAL
HELIDECK
CONFERENCE**

**June 16th-17th
2026, Stavanger
Norway**

Welcome to the International Helideck Conference

Where helideck expertise meets real-world experience!

June 16th-17th 2026 in Stavanger (Sola), Norway

The International Helideck Conference is the premier global event dedicated to the safety and efficiency of civil helideck operations.

Taking place in Stavanger, Norway, this two-day conference will unite key stakeholders from across the industry to address critical challenges and shape the future of offshore helideck standards and best practices. Established as a bi-annual event, the conference provides a recurring platform for collaboration, innovation, and continuous improvement in helideck safety worldwide

Advancing Safety. Enabling Dialogue. Aligning Standards.
