2024 - A- The 27th International Offshore Crane and Lifting Conference

The conference has the goal to... offshore cranes and lifting technology... crane standardisation... Participants will have ample... speakers and sufficient time to... goods and services in the exhibi...

Why you should be attending the 27th

You'll get the latest up-to-date information as well as answers to all of your crane business leaders, end-users, co... under one roof, solely for the purpose of seeing and trying new technology and relationships in order to contribute to...

Why is this conference so exceedingly different?

This is the only conference with focus exclusively on the offshore crane & lifting business in the North Sea and beyond. The conference is not a series of sales orientated pitches, but a dynamic gathering of likeminded people involved in the offshore lifting industry. Our unique blend of presentations, case studies and exhibitions provide you with a unique opportunity to walk away from the summit with all the information you need to get the most out of your daily lifting operational tasks. This conference gives the lifting community the platform it truly deserves, as it provides many hours of dedicated networking time for you to talk openly with your peers, suppliers and customers, and the opportunity to conduct business face-to-face.

Påmeldingsinformasjon

For å melde deg på må vi vite hvem du er.

Fornavn *

Etternavn *

E-post (brukernavn) *

Mobilnummer (f.eks. +47XXXXXXXXX) *

[Avbryt](#) [Fortsett](#)

Personal details
